V. O. N. REPORT FOR DECEMBER

Work of Nurses Increasing Each Month — 255 Visits Made in December Against 201 The Previous Month — 18 Visits in North Grimsby, None in The Town — 27 Cancer Patients.

Evidence of the increasing amount of work being done throughout the County by the Victorian Order of Nurses was given in a report presented to the directors at their regular meeting Thursday night.

Mrs. Doris Small, nurse in charge of the Lincoln County Branch, showed a total of 255 visits in December, against 201 for November. Mrs. Small told the directors, who met at Vineland Station that she expected the increase to continue for some time as the work of the Order becomes even better known than it is now.

Appoints Reeves
A resolution was passed asking that the reeves of all municipalities in the county, except Merriton, form a nominating committee to bring in a proposed slate of officers for the annual meeting on March 15. It was felt that the reeves would have a thorough knowledge of the most suitable men and women in their districts. Reeves Harold Freure of Clinton Township was named head of the committee.

The salary of Miss Eva Secord, V. O. N. nurse stationed at Smithville, was raised to bring her to the level approved by the National headquarters in Ottawa.

Plans were made for the annual convention of the association.

RESOLUTIONS PASSED BY FRUIT GROWERS

No Less Than 14 of Them Were Presented to The Convention in Toronto This Week.

At the recent convention of the Niagara Peninsula Fruit Growers' Association 15 resolutions were passed and were presented to the convention of the Ontario Association held in Toronto the first three days of this week. Here is a summary of the resolutions:

First, the association endorsed the one per cent levy on new businesses, which has been in effect since November 1, in order to secure funds to maintain an office for the growers' own purposes. This resolution also approved of the proposed merger of the Fruit and Vegetable Growers' Association.

Second, the association petitioned the minister to have the Farm Products Act amended so that money received from commission sales be deposited in a separate account in a trust at the bank and not subject to seizure for the debts of the agent.

Third, the association asked the authorities for a closed area inspection station at or near Hamilton market.

Fourth, the association petitioned the minister to have all wholesale dealers distributors or their agents in the province keep proper books of accounts, and that these books be open for inspection to those authorized, and further to be monitored if it is deemed necessary for the protection of the grower.

THE SPREAD OF PRICES

(The Financial Post)

Here are comparative wholesale and "fair" retail prices (based on 30% wartime WPTB markup on bacon, ham; 28% on pork) before and after recent increases, including 8% sales tax on cooked meats:

	Wholesale		Retail	
	Old	New	Old	New
Smoked hams	41	50	53	65
Cooked hams	61	71.8	79	93.3
Side bacon	44.2	56.1	57.4	72.9
Sliced bacon	56.7	69.1	73.7	89.8
Back bacon, piece	57.8	63.2	75.1	82.2
Pork loins	35.7	44.7	45.6	57
Pork shoulders	27.2	35.2	34.7	45.6
Sausage	34.5	42	42	51
Tenderloins	54	69	65	83

THIS AND MANY OTHERS LIKE IT WERE GALA DAYS IN GRIMSBY

The scene depicted above took place in Grimsby over 60 years ago. Scenes such as this were also taking place in every village and town in Ontario in those days. They were gala days for the farmers and the merchants alike. They were known as "Machinery Deliver Day." During the Fall and Winter months the farm machinery agent in each locality made his sales to the tillers of the soil and then on an appointed day in the Spring all the farmers that had purchased new machinery from a cultivator to a self-tying binder, accompanied by all his neighbours, would congregate in the village or town as guests of the machinery company and have his allotted piece of machinery delivered to him. Also the machinery company were usually the hosts at dinner at the local hotels to the

farmers. Incidentally the merchants did a big business with the farmer's wives. This picture was taken on Main street in the old Mansion House, now the Mansion Apartments. Note the old two-storey verandah. The building on the right was the old Malakoff. Now the liquor store and Star Cleaners with the two upper storeys razed. Smith's restaurant now stands to the west of this building. Many prominent citizens of the day appear in this picture if there were only someone that could pick them out. Either the late Capt. Randall or his son, the late A. B. "Coon" Randall were running the Mansion House at this time. Note the wagon in the centre loaded with binder twine. The big hotel barn at the back for the accommodation of the travelling public's horses also housed a large sized stable of horses and buggies for livery purposes.

FRUIT GROWERS MUST FACE WESTERN-U.S. COMPETITION

Poor Grading and Poor Packing Must Be Eliminated — Ontario Producers Must "Wake Up" — Early Penetration Should Not Be Shipped North in Large Quantities.

Fruit growers who crowded into Victoria Hall at Vineland last Tuesday for the second day of the annual convention of the Niagara Peninsula Fruit Growers' Association gave their hearty support to an address by M. M. Robinson, secretary of the Ontario Fruit Growers' Association.

Mr. Robinson was to speak on "The Provincial Tariff Picture," but his talk was more concerned with the present high price of vegetables. He threw the blame for the high prices directly on the shoulders of some wholesalers who prefer to deal in the American markets, rather than the domestic markets.

While placing the blame on the importer, Mr. Robinson said "good co-operation is obtained from 50 per cent of the wholesalers, but the other 50 per cent prefer to deal with the imported produce. Their attitude is typified by the remark of one of these dealers to me last year at the end of the

ONTARIO GOVERNMENT MAY HELP COMBAT LAKE EROSION

QUARTER CENTURY ELAPSES BETWEEN ADDRESSES TO LIONS

"He's The Mayor Of The Little Places"

Yes, it's our old friend, Andy Clarke, "Mayor of the Little Places," and Andy's many admirers will be glad to know they can be hearing him twice a week on his regular Sunday morning broadcast of "Neighbourly News," and in a new series he began Saturday evening, January 24th, for the Blue Cross Plan for Hospital Care. Appropriately enough, Andy's new program will be called "MAYOR OF THE LITTLE PLACES," and will be heard each Saturday evening over CHL, Toronto, CBO, Ottawa, CFFL-London, CFCO, Chatham, CKLW, Windsor, CHML, Hamilton, and each Sunday over CFCB, North Bay.

Andy Clarke's a veteran newspaperman who started off his ink-stained career with the old Toronto World, then moved on to the Toronto Mail and Empire, the London Advertiser, and the Toronto Globe. Matter of fact, it was with the Toronto Globe that he started his radio career back in 1926 when he became one of the first newsmen to broadcast direct from a newsroom.

Listen to the Peggy O'Neill show over CHML every Friday night at 7.30, featuring the melodious of Lanny Ross.

Doug Scott as a Kid Talked to Members of The Old Club — Addressed The Present Club on Tuesday Night on "The History of Hambo."

It was a Grimsby man, a manufacturer, who was guest speaker at the Lions Club dinner meeting in The Village Inn on Tuesday evening and his address was not only interesting and informative but was a revelation to a great many of the members.

Lion Vernon Tuck gave a brief introduction to the guest speaker, and the Club was informed that just twenty-five years ago, the speaker had addressed the Grimsby Lions at a father and son banquet. It was at the Village Inn that Lion Tuck who was a charter member of the old Lions Club, introduced Doug Scott who was his guest. That night long ago, Doug Scott merely had courage enough to jump from his chair and deliver a brief "Hello." But at this Lions meeting twenty-five years later, the same boy was introduced and welcomed warmly by the Club, and then proceeded to give one of the most interesting talks that the local Club has been privileged to hear in some time.

Doug Scott began his talk about which he is connected in business, by giving a lengthy synopsis of the verifiability of Hambo. Although his use of the Hambo chiefly concerns the manufacture of fly rods, it is to his credit that he has made such a comprehensive study of the raw material through which he now makes a livelihood, and his interest is shown in many uses of Hambo, not only in our present generation but back into the ages, even before the birth of Christ.

The speaker outlined only a few (Continued on page 3)

GRIMSBY WEATHER

Lowest temperature — 2.5
5 inches snow and ice on ground

WATERWORKS PROJECT UNDER CONSIDERATION

WALTER WEST CALLED HOME BY HIS MAKER

Prominent Grimsby Businessman And Sportsman Stricken Suddenly On Friday Morning Last—32 Years in Grimsby.

A little black and gold plate Friday rested in the doorway of "West the Barber." The little card bearing the one word—Deceased—was indeed a sincere message, and is how a great host of friends and business acquaintances felt toward the shocking and sudden death of Walter West, who during his thirty-two years as a business man on Main Street, had not only become an institution, but a symbol of the type of man that towns like this are noted for.

Always an early riser, Walter West was up early on Friday morning when he was stricken suddenly. He passed away quickly, thus ending a comparatively young life which began in Clinton Township in July, 1891. He was the son of the late George and Ellen West, and following a boyhood in this district, he moved to Niagara Falls, but came to Grimsby some thirty-two years ago and has resided here ever since.

He has conducted a fine business establishment here, and his many friends will sadly miss their daily chats with the man who was so well versed on sporting topics, especially sports pertaining to the training of hunting dogs, trap shooting, and a vast knowledge of harness horses and all angles pertaining to them.

INCREASED RENTALS WITHOUT AUTHORITY

Karl Oelkuch of Grimsby Fined \$83 For so Doing — Rent Jumped From \$18 to \$35 a Month.

A fine of \$83 was assessed Karl Oelkuch, Grimsby, when he pleaded guilty to charging Sholara Hinata \$35 for quarters which had formerly rented for \$18 without obtaining an order to increase the rental from the W.P.T.B.

Oelkuch, who claimed he had repaired and altered the four-room upper flat in a house after a previous tenant, Mrs. Blaine, had vacated, said through his attorney H. P. Cavers that he did not know he was supposed to get an order before he could raise the rent. Ross Wilson, prosecuting attorney, produced a copy of a letter which had been sent to Oelkuch in 1944 stating that rents could not be raised without their authority, but Oelkuch claimed he had never received it.

(Continued on Page 3)

TOMATO PRICE UPPED

Prices for tomatoes for processing have taken a considerable jump over last season's prices. Processors are now contracting the 1948 crop and are paying \$25.10 a ton as compared to \$22.10 a ton in 1947. This price works out to approximately 15 cents a bushel which is a great increase over a few years ago when the grower was receiving 30 cents a bushel.

New Scheme Being Planned That Would Supply Present Township Systems, Ridge Rd., Smithville And Beamsville Villages—Would Build Extra Large Pumping Station Spot Along Lake Shore in The Township.

A new waterworks project on a very large scale, which will, if carried to completion, have far-reaching effects and will relieve many problems now confronting certain municipalities, as well as individuals, is being planned by certain prominent citizens of North Grimsby Township.

This project is for the construction of a very large pump house, complete with pier and intake pipe, filtration and chlorination equipment, some place along the shore line in the Township. This pumping station would supply the east and west end water systems of North Grimsby now being supplied by the Water Commission of Grimsby. These pipe lines are already in existence.

New water systems to be constructed would include pipe lines that would supply the farm homes and residences along the Ridge Road on top of the mountain. Smithville is faced with the construction of a water works system. Under this projected plan that Village would be supplied with water, as would the residents that live along the pumping main that would supply that village.

Beamsville waterworks system is (Continued on page 3)

GROWERS ARE WARNED ABOUT NEW PLANTING

Advised Not to Extend Acreage Until Present Government Austerity Program Duration is Definitely Known.

The third and final day of the annual convention of the Niagara Peninsula Fruit Growers' Association held at Vineland brought forward several resolutions dealing with high prices and increased average.

One resolution sounded a warning to agriculture, industry and labor to hold the line on spiraling prices to prevent a depression and complete collapse of markets. The resolution added, "we serve notice that if this inflationary situation is allowed to continue, that the fruit and vegetable industry will use every effort to obtain similar increases on their product, as in being asked by labor and industry."

Another resolution warned the grower to the extreme care as to any extension of acreage during the coming year, until the government make some definite statement as to the possible duration of the present austerity program. Theme of the meeting was "Grapes, What of the Future." Horace Kilman, president of the N.P.F.G.A. was in the chair and called on E. P. Palmer, director of the experimental farm at Vineland, and Reid, Smith secretary of the Wine Grape Growers' Association, to talk on the subject of grapes.

Referring to the grape markets, President Kilman said, "we cannot depend on the United States markets. In the long term it is (Continued on page 3)

JUST AN APOLOGY

It is not often that a weekly paper, particularly The Independent, has to make apologies to its readers and advertisers because that paper is not giving its accustomed service. But cases do arise.

First the Editor of "Lincoln's Leading Weekly" was stricken with the Flu. Then one of the members of the staff took to his bed. In the interim one of the Lincolntype operators of The Independent was taken to hospital and operated upon for an injury to his knee. He is not back on the job yet. Then to top it all our beautiful bookkeeper decided to go and get "hitched."

All told it has been a tough session. The legion of vices, We had to "Boil" our paper. We did not like to do so, but what is one to do under these circumstances?

We are not back in full production yet but hope to be by next week, or at least the week after. We ask the indulgence of our subscribers and advertisers. Thank You.

OPENS FIRST OUSE

The first of the seven veterans' homes on the Aitchison Survey has been opened in full, and Mr. A. H. Hoffman is the first man to move into one of the new homes.

It is expected that the remainder of the homes will be completed at the rate of about one a month, so that all of them will be completed by spring. It is about on schedule, according to word from contractor, which was carried in a dispatch last November.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

WELL DONE THOU GOOD AND FAITHFUL SERVANT

At the last meeting of Town Council a resolution was passed extending thanks, expressions of good will and wishes for continued good health to Alfred Barrington Bourne upon his retirement from public office after many long years of fine and useful service to his municipality.

A. B. Bourne, or better known to everybody in the town and district as "Burr", has given his service to the Village and the Town of Grimsby longer than any other living man with the exception of Councillor Wm. Mitchell of North Grimsby.

He first entered Council in January of 1912 with ex-Mayor Edric S. Johnson as his Reeve. He has sat under a lot of different Reeves and Mayors since that time.

Thirty-five years is a long span of time, particularly for a man in municipal life, but with the exception of the very odd year in which he dropped out he has practically served the Town that length of time. It is safe to say, without checking the records, that he has better than 30 years to his credit.

He has been through many a hot election fight and has also received many acclamations, but through them all he always gave his best for the Town and district and at no time could a black mark be placed against his record.

He has served his Village and his Town well and is well deserving of a rest from the arduous duties of a municipal official.

HOW DO THE GIRLS DO IT

Girls can stand intensely cold weather better than men and with less clothing than men (a fact we need only look out of our West street window to verify) because they have double the thickness of "thermal insulating tissues" that men have. This report has been rushed to our desk by carrier pigeon from the Yale Medical School and we think it is a highly important item.

There has been a lot of nonsense talked about the difference between the sexes and we are glad science is getting on the job. Most discussion have been about whether girls have more intuition than boys and so on—while the real difference, the thermal insulating tissues, and the like, have been ignored. Now science can go ahead.

We want to know why a slim little girl of 102 pounds can dance from 9 p.m. to 3 a.m. and want more, when her husky escort is in a state of extreme exhaustion and practically out cold on his feet.

We want to know why a girl can maintain an energy output of 600 eggs on a diet of (item) a cup of coffee, black, (item) a pack of cigarettes, (item) one bonbon, while her big brother grows white around the lips if fate and a poker game keep him from his accustomed three square meals.

We want to know why a young woman who can cook three meals a day, clean house, attend to Junior, do the marketing, and make her own clothes feels restless of an evening and wants to step out, for something to do, while her husband (who has sat in on three conferences and had a two-hour lunch) desires only to crouch over the radio.

We are sending these queries back to Yale by the same pigeon.

CANDLE LIGHT

(By Lewis Milligan)

In this Electric Age, when electricity is the universal means of illumination in all modern cities, we are apt to despise the candle and to forget the important part it has played in the history of mankind. The younger generation have no idea of what a dark world this was, even up to the latter part of the nineteenth century, when people groped their way about city streets feebly lit with glimmering gas lamps. But gas lighting must have seemed to those people like daylight compared with the nights when there was no outside illumination, other than the torch or the lantern, and the fitful glimpses of the moon.

Indoors, of course, they had oil lamps, around which they ate their evening meals and did their nightly reading and writing. But

during the oil lamp period the candle was indispensable for hunting in dark corners and lighting one to bed. I read most of Dickens and other of the classics by candle-light, and burned the midnight grease in my little room, struggling with the elements of literary composition. In those nights the candle seemed to be a living thing, a genial companion, and its little circle of light was an aid to concentration. One could gaze into its soft flame and see visions.

All this came back to me the other evening during a Hydro blackout when we had to resort to candles. In an instant we had returned to the candle age, and while others were peevishly wondering what was the matter or were groping in the basement vainly trying to restore the lost age of electric lighting, I sat contentedly at my desk gazing into the gentle flame of my old friend, and this is what I saw:

Like a lone star amid the black of night,
My candle casts a ring of lambent light;
And in its mystic circle dreams arise,
Forgotten dreams and childhood memories:
Faces and scenes of long, long years ago,
Are conjured up beneath the candle glow.

Backward my dreaming goes three hundred years,
And in my mind a vision dim appears
Of Shakespeare sitting in a narrow room,
Writing his plays, alone amid the gloom:
Faces and scenes, that live in deathless fame,
He conjures up beneath the candle flame.

Here Doctor Johnson sits in solitude,
And there is Blake in rapt ecstatic mood;
Tender is Goldsmith, writing tales for bread,
And there's De Quincey, sitting up in bed;
Each working magic, 'mid the black of night,
In the charmed circle of the candle light.

Yes, literature owes more immortal works of imagination to the candle than will ever be produced under the hard glare of the electric bulb.—I must get me an old candlestick.

COUNTRY TOWNS IN WINTER

When city people go out into rural communities for summer visits and vacations, they remark that these places are delightful at that time of year, but they sometimes ask if these communities are not dull places during the winter.

They see outdoor life largely cut off through the cold months. It may look to them that winter conditions offer little substitute for these enjoyments, so that they look at winter rural life as a time when such communities largely go to sleep. They may think that snow and ice obstruct community life in many of these places.

There may be some remote communities where this is true, but in the great majority of small country towns life is very active through the winter. The organizations have their regular meetings, entertainments, and social affairs. The movies give constant entertainment, and are offered or are within reach in most places. People are drawn closer together by social activity in these communities, and the winter passes pleasantly. Winter sports and indoor games are a great factor in many places.

Defeat isn't bitter if you don't swallow it.

The happiest miser on earth—the man who saves up every friend he can make.

INVENTIONS CAN DESTROY INVESTMENTS

(By W. H. Colclough, Vancouver)

"It's worth only \$4,000 now," said the old man, with deep anxiety. "Last year I was offered \$6,000 and I figured on buying a Government pension. I can't do much with \$4,000, and it's about all I have left." His hand trembled as he again read the letter from his broker offering him \$4,000 for his stock.

How safe is your investment? Usually such a question suggests legal security, integrity and reliability on behalf of those responsible for your money. Granted that everything is in order along these lines, there are still many factors, any one of which could reduce values from 6 to 4, with embarrassing results.

It is not so many years ago that talking machines were very popular. Manufacturing concerns across the land mushroomed into activity out "Larkrolas," "Barkrolas" and various other "Olas," and sold them in great numbers throughout the country. The prices ranged all the way from \$50 to \$500, depending on the shade of mahogany or the "tone," which usually existed in the imagination of the salesman. When you bought a machine you merely took the first step in expense, for after all a machine without records was like a gun without ammunition. You were called upon to pay \$2.50 for a disk which cost only 25 cents to make, but in this financial gesture you were thrilled with the dulcet tones of a Madam Geekie or the musical philosophies of the anvil chorus. It was the artists who cost the money, we were told, who received fabulous sums in royalties and who traded their Ford for a Rolls-Royce.

Then one bright day somebody invented a radio tube. Almost overnight the wheels of the talking machine companies slowed to a stop; many enthusiastic investors lost their money and the artists who received a King's ransom for a couple of songs found themselves without financial support, and some of them actually died in want a few years later. There are times when inventions destroy investments.

In 1911 a Winnipeg man borrowed all the money he could from his mother-in-law, sold his modest bungalow and bought 100 acres of beach land on the Arrow Lake in British Col-

Average!—One who thinks she is "above the average."

Have you met that new gink in town, Mr. Cy Cology. He has a lot of smart information for you. Look him up on every issue of this paper.

Headline in The Toronto Telegram:—"Mr. King Not Quitting Until After Next Election."—Not much doubt but what he will quit then.

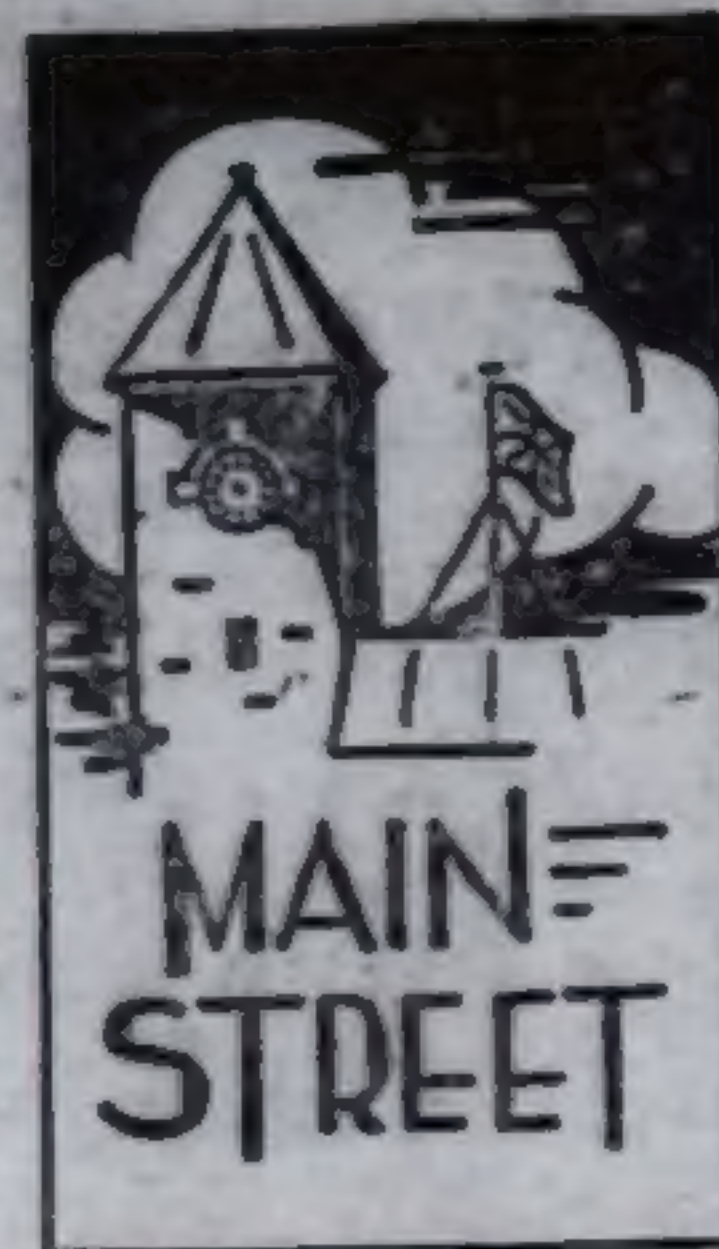

Headline in The Dunnville Chronicle:—"Dunnville Water Unpalatable But Not Unhealthy"—When did the people of Dunnville start drinking water?

I'm in the hogsgow for sure. Not one hogsgow but six of them. The minute that Peggy O'Neil announced the Lanny Room was coming back to the Beautiful Oak Room of The Village Inn for a two night stand on February 6th and 7th, all six of my beautiful, vacuous, glamorous widows got on my trail and demanded that I take them to bear the great Linn Thrush sing his lovely melodies. Not all six together (I might have got a cut rate), nor two together. Each one demanded to go individually. What a 27375432xw jam I'm in.

In Grimsby going to have those much needed municipal officials—a Reeve and three Councillors—at 8.30 tonight, when Clerk Bourne closes the second nomination. I hope so, but it is all up to the citizens. If they do not want a full council; if they do not want their town run properly, then it is entirely up to them. I would like to see that nomination meeting packed to doors. In fact I would like to see a whole lot of good election fight in this town. It would clarify the air and do the citizens and the town a whole lot of good. Win, lose or draw, I wouldn't mind going into fight because I think it is the best thing that could happen to Grimsby.

An open letter to Hugh Whyte, down in the make infested, alligator Everglades of Florida:—"Not going to advise you to come home, but at the same time your gallant little partner is flying high—than he ever flew in the Air Force. Between hockey jitters, the new building and writing between 2 and 30 new policies a day he is never on terra firma. Why he flew so high that the stratosphere gave him the flu and he had to stay in bed for three days and The Independent's "High" McGregor had to take over the reins of the hockey club. If the Peach Kings don't win this championship, Hugh, I can tell you where Herbie will be when you come home. Not don't worry too much, kid, the little chicken raiser will get through somehow, but nobody hereabouts just knows how—Yours to a couple of gallons of real orange juice."

A real good time can't be bought or placed... It just happens.

The Woodstock Sentinel-Review suggests that Christmas be fixed to fall on a Monday every year. Christmas has been changed enough from the Christian day of worship and rejoicing it was supposed to be, without now changing the date too in order to suit our convenience.

The Editor of a weekly newspaper retired with a fortune. When asked the secret of his success, he replied: "I attribute my ability to retire with \$100,000, savings, after 30 years in newspaper work, to diligent application to work pursuing a policy of strict honesty, always practicing rigorous rules of economy, and to the death of my uncle who left me \$110,000."

One reason I am sorry that John Hewitt is out of Town Council is because he had things under way to get mail delivery in Grimsby. Now I read by the daily and weekly press that mail delivery will commence in Port Colborne, Dundas and Brampton late this winter or early in the spring. Post Office Department is already calling for applications for mail carriers in those municipalities. Who in the Town Council is going to pick up the torch and get mail delivery for Grimsby. If those other Backwoods Towns can get this service then surely Grimsby in the very heart of Civilization can get it. Let one of our new councillors get after this project and get after it fast and persistently.

'WAY BACK WHEN

Frank Fairborn, Jr.

1907—Reeve W. Mitchell; Councillors H. H. Marsh, Dr. J. E. Morris, W. F. Clarke, Charles F. Mabey. (Note the predominance of Ma). Early in the year the town hall was formally decided to the village, the old school house at Oak and Elm streets was sold to D. E. Swayze for \$500 and W. F. Gibson was paid \$750 for cement walk construction. There is no previous reference to the subject but the village had been paying rent for Beasemville town hall in which to hold Division court because Judge Carman had a notion that the one here was not suitable, and in March "the matter of paying rent to Beasemville was discussed and a motion was passed as follows:—"Morris-Mabey that the clerk notify his honor Judge Carman that the Grimsby town hall is available for division court purposes; and unless these courts are held there in future this council will take immediate steps to have the whole matter investigated by the proper authorities; and this council also wishes to notify his honor that it will positively refuse to pay any more hall rent he may contract by holding court elsewhere, and that the village of Beasemville be notified to that effect." Judge Carman was later notified that a room had been fitted up (18x36) and was considered suitable; it would accommodate fifty people and if it was not large enough the hall upstairs could be used, which had "as good as any hall in a village of the size of Grimsby, in the county." In the following March (1908) the clerk was instructed to write to the minister of justice in reference to Judge Carman not holding division court in Grimsby.

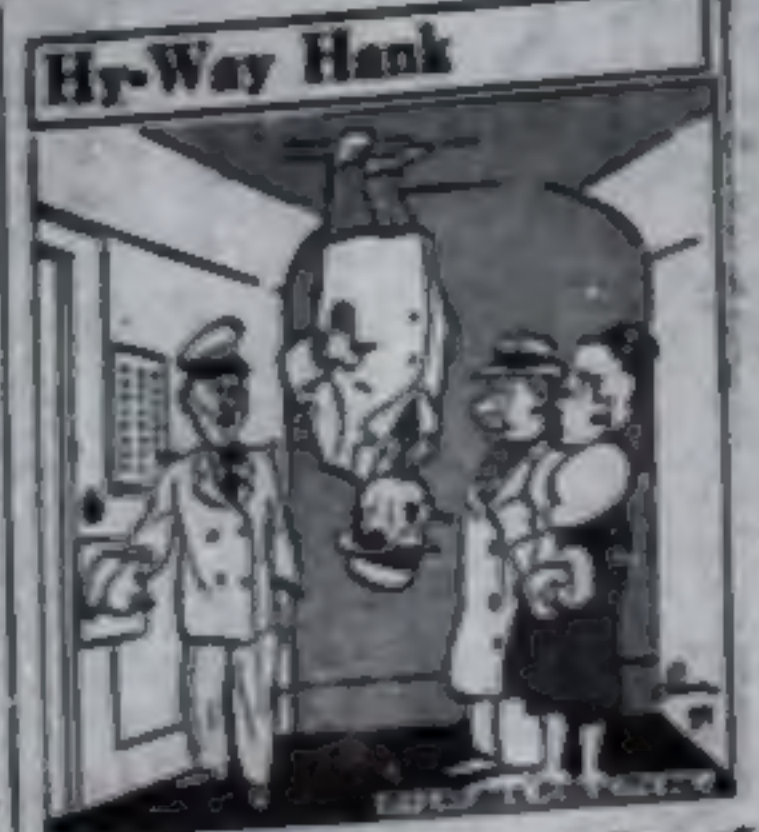

In March Doran avenue was formally taken over and named, and at the same meeting we read of the passing of one of the notable characters of Grimsby, James Adams (Long Jim), Crimean veteran, who had died a few weeks previously. In 1893 when Elm street was opened across the creek a bridge was built for \$1216.50. That wooden bridge stood for fourteen years later (1921), when the big O'Field greenhouse truck went through it. The tax rate in '93 was 18 mills for all purposes; in 1907 it was 16 mills exclusive of school rates. No council has been without its humorous element, and here is a facetious little touch at the December meeting: "Moved by Marsh and Morris that the Motion Blanks ordered last June, and received today, be received with thanks from Mr. Livingston, better late than never." The Independent must have been busy those days.

1908 — Reeve W. Mitchell; Councillors H. H. Marsh, Dr. J. E. Morris, W. F. Clarke, C. F. Mabey. The clerk (Brodie) supplied the sarcasm this time. In spite of Burland's motion of censure in July, 1908, we find in the clerk's own handwriting in February: "Members all present except Marsh" and, "The clerk noticeable by his absence." In June 1908 was paid for a watering cart, but they kept the rate of taxes four mills below the year before, 14 being the figure. In Oct. a petition was presented asking for the repeal of the local option bylaw, but it was apparently withdrawn, and we get the same one two years later.

1909 — Reeve W. Mitchell; Councillors H. H. Marsh, W. F. Clarke, Albert E. Phipps, John Durham. They were a quiet lot this year, nothing of any note occurring until July when the school board asked for \$15,000 to build a new high school. A bylaw was to be submitted on Aug. 23 to the electors, but the clerk was in his generation, had gotten some advice in the matter and this bylaw was recalled and an amended one submitted in September, which carried 118 for and 44 against.

In August the village was divided into polling subdivisions the same dividing lines as exist at present. The gates at the Grand Trunk and Depot street were apparently erected in March as we find a bill for the village share of upkeep presented for the "quarter ending June 30." In September Kidd avenue and Bolton street were formally accepted by the council from W. W. Kidd. The library board had secured an option on Dr. Millward's property (where Moore's theatre is now) for \$500 and the council took over the option "for the purposes of erecting a building for a public library under the Carnegie plan." In August, 1902 a move had been made to get the Carnegie grant, but it had not been taken advantage of until now, but this property was turned down for the present site—without question a good move, few towns having a public library in a beauty spot such as Grimsby has. The rate was 14 mills this year.

1910 — Reeve W. Mitchell; Councillors W. F. Clarke, W. F. Randall, A. E. Phipps, John Durham. The clerk's salary was raised this year to \$175. The petition to repeal the local option bylaw had been again presented the previous November and voted on at the municipal elections. The bylaw to repeal was carried by a much larger majority than that which had put the "grim" in Grimsby, as a reference to 1905 will show. This time there were 257 opposed to local option and 190 in favor, a majority of 67. Grimsby's cost of arms came into being this year. Gerald Palmer, since deceased, proposed to the council that he paint a design and so appropriate was it that it was accepted almost unhesitatingly and today adorns the town stationery. King Edward died on May 6 and a half holiday was declared for Friday forenoon May 20, for memorial services. On Aug. 16 a vote was taken to grant a loan of \$20,000 to the Hall-Dray Foundry Co., and to give them land on Elizabeth street north of the Grand Trunk. The bylaw was carried but we hear no more of it. This land was later given away to the Bell Fruit Farms Limited.

It's amazing what a feeling of confidence and security a Home-Town battery check up will give a man!

INCREASED RENTALS

Mr. CAVENISH told Magistrate Hallett that Oelkuch had rented the quarters to himself on a suggestion by Mr. Merritt, proprietor of the Merritt Bros. Basket Factory in Grimsby, where both were employed, when Mr. Merritt told him he could get him \$35 a month rent. He claimed he did this in order not to cross Mr. Merritt.

Oelkuch had made previous attempts to oust Mrs. Blaine, whose husband was serving overseas at the time, but was unsuccessful. Mrs. Blaine finally left and Hinatsu, a Japanese, moved in. Hinatsu occupied the quarters from Feb. 1945 to Nov. 1947. No restitution has been made to Hinatsu as yet. He is now living in St. Catharines.

In fixing the fine Magistrate Hallett said that the "regulations have been in force for so many years that everyone should know of them." If the fine is not paid Oelkuch was given the alternative of 30 days in jail.

WALTER WEST CALLED

taining to this particular sport. He leaves to mourn his sudden passing, besides his widow, one son George, three brothers, Sidney of Beamsville, Robert of Smithville and William of Niagara Falls. Also three sisters, Mrs. John McGee, Mrs. Edward Hamilton and Mrs. Mary Hovey of Beamsville.

Funeral services were conducted from his late home on Adelaide St.

while members of the Masonic Union Lodge No. 7, A.F. & A.M., of which the deceased was a member gathered to perform the Masonic rites, while Main Street merchants closed their doors in respect to a departed businessman and citizen.

Rev. H. J. Scott of the Presbyterian Church officiated at the residence where the floral tokens were extremely bountiful, as sportsmen, businessmen and friends paid their last respects.

Interment was made in Queen's Lawn Cemetery as a cold January wind rustled in the trees.

Casket bearers were Len Lindner, William Librok, Vernon Tuck, Richard Theal, Cecil Gowland and Herbert Betzner.

GROWERS ARE WARNED

better to depend on the stable markets. The British market is much more stable.

Bill Smith gave a detailed report on the new acreage of the different grapes put in the last few years. A. de Chassac, of Brights Limited, also spoke on his company's work in introducing new types of grapes to this country, that would combine the hardiness of the American grapes with the flavor of the European types.

E. P. Palmer also spoke on the work of the Vineland Station in introducing new types of vines. He said, "we think the growers should go slow in planting of new varieties in the next few

years. "At the station here we have 35 new acres for experiments on grapes and will have room for 100 to 200 vines of each variety, including those for table, juice, wine and brandy. We will have a new laboratory for investigation of storage problems, including: refrigeration gas storage, wax coatings, dehydration, canning and wines.

"We have found that the new imported single purpose grapes make better wine than the Concord, but require a better drained vineyard. It appears that the Concord and other all purpose grapes, are not sufficient. The Concord is versatile, but does not live up as a wine maker."

WATERWORKS PROJECT

fed from springs and wells at the top of the mountain but for some years past the supply has been gradually diminishing and it is expected that under this project that Beamsville could also be supplied, as well as the residents along No. 4 Highway east from the Clinton township line where the present township east end system stops.

This project, the promoters believe, has considerable merit. For some year North Grimsby Council have been trying to get the Grimsby Water Commission to reduce the price of the water sold to their systems. Grimsby Commission could not afford to reduce the rate, but on the other hand the Township systems have been operating at a loss or barely breaking even on each year's operation.

Water for some years during certain months has been a scarce commodity on the farms on top of the mountain, particularly along the Ridge Road. This system would relieve that situation.

Smithville has practically been ordered by the Ontario Department of Health to construct a modern water system. There is not much doubt but what the residents of the Southern metropolis are ready and willing to do so but their big headache is the securing of a suitable and adequate water supply. At present it looks as if they would have to bring their water either from Lake Ontario or cross country from Lake Erie. Under this new scheme their worries in that direction would be entirely relieved.

The project looks like a big one, and no doubt it is, but the promoters believe that once it was in operation it would be a most successful one both from a water supply point but from a financial standpoint.

RESOLUTIONS PASSED

Fifth, the association urged the government to make some definite announcement as to the possible duration of the present austerity program.

Sixth, the association suggested that agriculture industry and labor hold the line on prices now, in an effort to stop the spiralling of prices.

Seventh, the association expressed its appreciation to the minister for his interest and support.

Eighth, the association urged the Horticultural Council to press for Dominion Marketing Legislation be made available to producers across Canada at the earliest possible date.

Ninth, the association expressed their appreciation to the Dominion and Provincial Departments of Agriculture and further requested that platform inspectors be allowed to inspect beyond their platforms.

Tenth, the association petitioned the minister to provide the utmost facilities possible for the recruiting and housing of student labor in the Farm Service Camps.

Eleventh, the association recommended that the transparent cover for baskets in red, be printed to read "Ontario Grown No. 1 Fruit."

Twelfth, the association petitioned the provincial and Dominion Governments to extend the inspection service to the farm and packing house.

Thirteenth, the association requested the Ontario Department of Agriculture to supply inspectors that are experienced in the varieties and the handling of fruits and the effect that weather conditions have on different varieties.

Fourteenth, the association petitioned the minister for Ontario to amend the regulations pertaining to charities to conform with those under the Fruit, Vegetable and Honey Act.

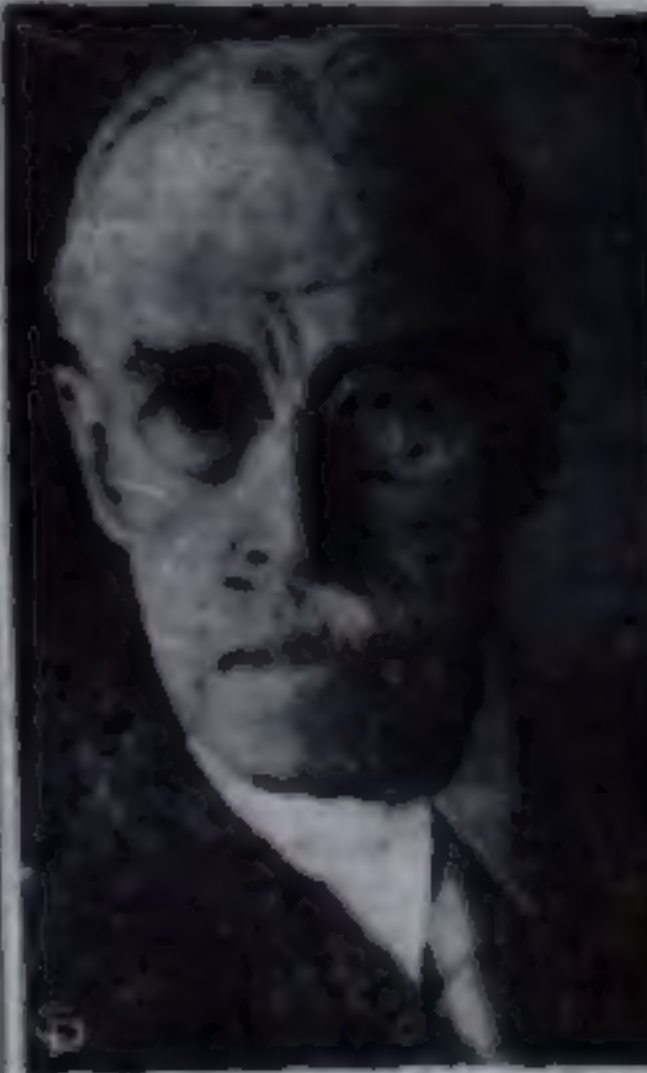

Fifteenth, the association asked that grape twine, grape tying wire, fruit packing, ladders, etc., when used for agricultural purposes also be exempted from the imposition of the eight per cent sales tax.

ONTARIO GOVERNMENT

Protection Association, made up of representatives from most of the 20 municipalities with a shoreline of 85 miles, extending from Niagara-on-the-Lake to Toronto, was formed at a meeting in Hamilton in October, 1946, but, according to reports from various municipalities, much headway and, it has been said, does not seem to have been suggested, may be deferred.

One of the hardest hit areas is Clinton Township, in Lincoln Coun-

DEAN OF EDITORS

Mr. P. D. Ross, publisher of the Ottawa Journal, who celebrated his 80th birthday on Jan. 1, 1948, is unquestionably entitled to the title of Dean of Canadian newspapermen. On Jan. 1, 1887, Mr. Ross bought a half-interest in the Ottawa Journal from its founder, A. S. Woodburn, and became its editor. In 1891, Mr. Ross acquired the Woodburn interest, and in 1917 the amalgamation of the Journal and the Ottawa Free Press brought E. Norman Smith, publisher of the Free Press, to the Journal as vice president.

ty, where much valuable land has been lost by fruitgrowers and whole rows of peach and cherry trees have been washed into the lake. A lakeshore road has been moved back several times and is now partially closed completely, and numerous summer cottages have had to be moved back.

Following presentation of a petition signed by some 25 shoreline property owners asking for a buttress wall that would run parallel to the shore, Clinton Township council took up the question of long term debentures for an estimated \$50,000 expenditure with the Municipal Board. If such action is approved, the fruitgrowers concerned, would be called upon to finance the cost on a long term payment basis.

At the Vineland Experimental Farm, hundreds of tons of huge rocks were dumped into the lake to form a weir during the past summer, this action preventing their pump houses and much of their shoreline being washed away.

To protect its waterworks plant and adjoining property, the Grimsby Water Commission put in heavy steel piling, and many private property owners have spent thousands of dollars in putting in stone weirs. Wherever these piers or weirs have been put in beaches are being built up and erosion has stopped.

If the entire shore of Lake Ontario is to be protected in this manner, the cost will run into millions of dollars and the job would necessarily extend over several years.

A notable example of the inroads the lake is making may be seen at Grimsby Beach where the high banks have been cut back 100 feet or more in recent years. Cottages which once had a hundred feet of lawn in front of them are now precariously perched atop 40-foot banks and some owners, at their own expense are now having rocks dumped over the bank to save them.

FRUIT GROWERS MUST

peach season, he said Thank God the domestic season is over."

The reason for his discussion of the high vegetable prices was, Mr. Robinson said, that he resented the recent reports in the press that showed Ontario growers as "robber barons."

According to Mr. Robinson the fault does not lie with the growers, but with the importers. "There are thousands of cases of celery stocked up in cold storage but they bring to the importers and not to the domestic grower."

The vegetable growers cannot produce more than the Ontario market can handle at the peak of the summer season, but they can towards the end of the season. This extra produce could be stored away for the winter to supply the consumer with Ontario produce and avoid situations like the present, when imports have been cut off and there are no domestic stocks on hand.

The proper arrangement could be made next spring, according to Mr. Robinson, but he said he would not advise it. If the country catches up on its shortage of American dollars, then the importers would be allowed to go to work and the domestic grower would be left with his vegetables on his hands.

Turning to the subject of fruit, the speaker said that the Ontario fruit grower "must wake up." Even with the poor fruit year in 1947, the crop is getting larger than the market, and the Ontario grower must look to wider fields. H. C. fruit has moved into Northern Ontario, and the consumers seem to prefer the western product. "There are two H. C. Apples in the north for everyone's home grown apple."

"We must face the American and western competition. Poor grading and poor packing must be eliminated. The situation is not good now, what will it be like

when fruit is more plentiful?"

"Tariff agreements with the United States will not open up the markets in that country. Free trade is all right, if the country wants to trade but the United States grows everything that we do."

The importers like to handle the trade across the border because there is more money to be made, and the fruit comes well packaged and well graded. There is less waste and less deterioration. The tendency in the future will be for lower taxes and even more competition. It must be met by more consideration for grading and packing.

Mr. Robinson concluded his discussion on imports by stressing once again that the growers could have avoided the present shortage, but were driven out of the business by the importers. As a preliminary to his import discussion, Mr. Robinson also gave his support to the amalgamation of the fruit and vegetable growers' association. "No attempt will be made to interfere with the minor organizations, such as this one, but the move is for a stronger central organization," he said.

Several resolutions were introduced at the beginning of the meeting, but so many amendments were offered that all were held over until today when they will be presented again.

The second speaker, Bain Stewart, of Toronto, described the reduction of several experimental shipments of Niagara peaches to Northern Ontario this past season. He said that in general the Ontario product had a poor reputation in the north country, and stressed the importance of proper grading and packing if the new market was to be gained. Poor roads and long hauls made it especially important to have good trucks.

He offered a list of important information to growers who are contemplating sending fruit north. Early peaches should not be sent north in large quantities, there is a 80 per cent loss. Melons should be sent in more uniform sizes and in stronger boxes. The "Big O" brand was all right until the worms appeared. The baskets used at the present time would bear a more intensive investigation.

Mr. Stewart thought that a more extensive advertising and education to Ontario grown products would do away with the lack of confidence to a large extent.

I.O.D.E.

The regular monthly business meeting of the Lincoln Loyalist Chapter, I. O. D. E. will be held in the Chapter Room Village Inn, on Monday afternoon, January 26th, at 2.30 p.m. This will be the annual nominations meeting. Will the members please remember to bring a donation for the Chapters monthly "Box for Britain."

The provincial chapter of the Imperial Order Daughters of the Empire has announced contests open to short story writers and artists living in Ontario, with a prize of \$100 offered in each of the fields.

The story must run at least 1,000 words and not more than 5,000, and the theme must be Canadian. Entry deadline is May 15.

For the best original oil painting of a still life, a prize of \$100 is also offered. Pictures measuring not larger than 13 by 16 inches, entered by Canadians, 25 years and under, domiciled in Ontario, are eligible. They must be submitted not later than April 1.

Girl Guides

CANADIAN GIRL GUIDES ASSOCIATION DIVISION OF WEST LINCOLN

It is two years since we had a training course in the Division, so we are grateful to the Provincial Training Committee for making one available to us next week.

Miss Elizabeth Grant, Ontario Blue Cord Diploma'd Guide, is coming to Grimsby on Thursday, 29th January for two days.

Thursday, 29th, 7:30 p.m.—Guiders Session at Trinity Church, Beamsville.

Friday, 30th, 2:30 p.m.—Brown and Tawny Owls Session at Miss Walsh's, 13 Murray Street, proceeding at 4 o'clock to a Demonstration Brownie Meeting.

Friday, 30th, 3 p.m.—Patrol Leaders Session at the Beach School.

GUIDES, BROWN OWLS, TAWNY OWLS, PATROL LEADERS! Is it a date?

Eastern Star

Grimsby Chapter No. 111, O.E.S., met in the Chapter Room Tuesday evening, January 20th, with the Worthy Matron, Mrs. Chester Elmer, and the Worthy Patron, Mr. Lawrence Hyatt, presiding.

A letter was received from West Lincoln Memorial Hospital thanking the Chapter for establishing a foundation fund. Mrs. Marjorie Hitchman reported that the first of the monthly food parcels had been sent overseas. Mrs. Arthur Clark reported for the entertainment committee, outlining several projects to be undertaken during the coming year. Mrs. H. V. Betzner gave the sick and visiting report. Mrs. H. G. Mogg, Benevolent Convener, reported delivering Christmas Cheer baskets to needy families. It was decided to send a donation to the Sick Children's Hospital, Toronto.

After the meeting, a social hour was enjoyed, with Mrs. V. R. Farrell and her committee serving refreshments.

YOUNG ADULT GROUP

Trinity Young Adult Club met on Sunday evening at the home of Mr. and Mrs. B. L. Bentley. Rev. A. L. Griffith took charge of the meeting and conducted a short worship period.

The report of the nominating committee was presented by Marilyn Milyard and the following slate of officers for 1948 was approved:

President, Owen Patterson.
Vice-President, Olive Dunn.
Secretary, Mavis Culliford.
Treasurer, Cyril Mote.
Flower, Annette Current.
Membership, Beatrice Demerling.
Social, Isabel Jenkinson.
Marion Scott.

The Club intends to make a definite financial contribution toward the Preside Room which is soon to be provided in Trinity Church. It is hoped that some outstanding speakers or artists can be brought to Grimsby and through a series of such programs, funds can be raised to finance any projects which may be undertaken. The Club also plans to sponsor a food and clothing drive for overseas with the possibility of making a church in Grimsby, England, the recipient. A skating or sleighing party is to be held shortly, the date of which will probably be announced after the Executive meeting.

The Young Adult Club meets on the 1st and 3rd Sunday evenings of each month after the church service. The next meeting will be on February 1st.

Nuptials

THOMSON—HILL
(Brantford Expositor)

The paragon of Immanuel Baptist Church was the scene January 3 of the nuptial ceremony of Miss Frances A. Hill and Mr. Charles B. Thomson, both of Hamilton. Miss Hill is the daughter of Mrs. Della Hill, Huron St., and Mr. Thomson is the son of Mr. and Mrs. E. Olson, 246 West St. Rev. L. R. Hyatt officiated.

The bride was gowned in a powder blue French crepe street-length dress with hip drapes circling to a bow in the back, cap sleeves and cut-away neckline. Her matching hat had powder blue tulle trim, and she carried a nosegay of red roses, white carnations and baby's breath. Her attendant, Miss Wilma Kirby, wore pink French crepe, with drape effect, long sleeves and gold button decor, with a pink headband similar to that of the bride, and she carried pink carnations, baby's breath and baby's breath. Mr. Cecil Thomson was his brother's groomsmen.

The home of the bride's mother was the scene of the reception. Mrs. Hill wore grey lace, where the mothers of the couple assisted in welcoming guests, grey and coral accessories and corsage of Tulleman roses, and Mrs. Olson wore grey crepe, grey and black accessories and similar corsage. A buffet luncheon was served from a table graced with a white lace cloth, tall white candles and a three-tier wedding cake. Guests were present from Hamilton, Grimsby, Peterborough and Brantford.

For the wedding trip to London and Detroit, the bride donned a smart grey and plaid dress, black coat and accessories. Mr. and Mrs. Thomson will reside at 11 Huron St.

TRINITY E. A.

The Evening Auxiliary of Trinity United Church met in Trinity Hall on Thursday evening, January 15, with the president, Mrs. Powell, in charge.

Annual reports were given, and a slate of work for the coming year was outlined by Mrs. Hasty.

Rev. L. A. Griffith installed the following officers—
President, Mrs. Powell; 1st vice-president, Verna Lewis; 2nd vice-president, Audrey Klock; Recording Secretary, Ruth Walker; Treasurer, Elizabeth Tennant; Corresponding Secretary, Helen Botterill; Christian Stewardship Secretary, Doris Wilkins; Pianist, Iona McIntosh; Baby Band Secretary, Dorothy Little; Stranger Committee, Dorothy Little and Margaret Pickett; Supply Convener Margaret Hasty.

In Memoriam

ROBERTSON—In loving memory of a dear husband and father, Robert Robertson, who passed away January 20th, 1945. Time rolls on but memories stay. As dear and sweet as yesterday. —Wife and family.

In memory of our dear father, Robert Robertson, who died January 20th, 1945. To have, to love, and then to part. Is the greatest sorrow of our hearts.

The years go by, but memories stay. As near, and dear, as yesterday. —Son Bill, Fannie and grandchildren.

HOLMES—In loving memory of a dear son and brother, Harry William who passed away January 24th, 1948. He had a nature you could not help loving. And heart that was pure than gold.

And to those who knew and loved him. His name will never grow old. —Sadly missed by mother, father, sisters and brother.

LOCKE—In loving memory of our daughter. A light is from our household gone. A voice we loved is stilled. A place is vacant in our home. Which never can be filled. Some may think you are forgotten. Though on earth you are no more.

But in memory you are with us. As you always were before. —Every remembered by mother, father, sister and brother.

FARM FORUM NEWS

The January 19th meeting of Woolverton Road Farm Forum was postponed because of bad weather. Four of the members met at Mr. and Mrs. Geo. DeQuetteville's home to prepare answers to the weekly questions on the topic "Do We Need a National Marketing Act?"

Next week in Review Night, Mr. Spencer Merritt, our social convener, will have charge of the meeting which is to be held at the home of Mr. and Mrs. John Powhlaugh.

Card of Thanks

Mrs. C. DeQuetteville desires to express her grateful thanks to all those who called upon her, and sent cards and flowers, during her stay in Hamilton General Hospital. Mrs. DeQuetteville has now improved sufficiently to return home.

PEACH SALE

Some shops call their January Sale, Plum or Clearance, we are calling ours PEACH, what more appropriate for this district.

Come up and see our PEACHES, some are marked 1/3 off and 1/2 off. They would make nice Bridge Prizes, Shower and Wedding gifts.

Also broken lines and sizes in our Dry Good Department, including Winter underwear.

We are closing the shop for the MONTH of FEBRUARY, opening again March 1st with more new stock, new ideas and new paint!

LADIES' AUXILIARY ST JOHN'S, WINONA

The annual meeting of the Women's Auxiliary of St. John's Church, Winona, was held at the rectory. The meeting opened with a hymn and Scripture Reading by Mrs. C. Bradshaw. Reports of all officers were given showing gratifying results. It was decided in the future to hold the business meetings at each month in the afternoon and the second meeting of the month in the evening.

Mrs. Armand Smith presided at the annual election of officers as follows: Honorary president Mrs. G. P. Scovill; president Mrs. G. Gidden; honorary vice-presidents Mrs. John White, Mrs. E. J. Biggar, Mrs. Elizabeth Pattison and Mrs. C. J. Bradshaw; vice-presidents Mrs. J. L. Puddicombe, Mrs. K. Millikin; recording secretary, Miss Irene Carpenter; corresponding secretary, Mrs. Keith Millikin; treasurer, Miss Stanley White; educational secretary Mrs. G. P. Scovill; Dorcas convener, Mrs. G. Harkins; assistants, Mrs. J. Costin, Mrs. Cappel; thank offering, Mrs. Macklin delegates to the Diocesan Board meetings, Mrs. C. J. Bradshaw and Mrs. Irene Carpenter; substitutes, Mrs. M. Glasco and Mrs. A. J. Biggar. Ten dollars was voted to the Canon Turner fund for Mrs. Turner and family. The meeting was closed with the benediction and refreshments were served by the hostess, Mrs. Scovill.

(by PEG 'N LYNN)
(by PEG 'N LYNN)
(crowded out last week)

Ho Hum! How about stirring something up we can write about. We try to write about news but when there's no news anyway we will attempt to outline the doings and events of G H S for this week.

Sports have the headlines this week. The girls have been training as they have never been before. They are trying to form two strong teams of which the school will be proud. The first game will be played on Friday when the Junior girls tackle the Dundas Juniors. Good luck gang. The Senior girls are a trifle worse-begone after receiving the news that they will only be able to play four scheduled games. We hope however that exhibition games can be arranged with other schools. The schedule of boys and girls games is posted on the bulletin board in the lower hall. The painting is progressing well by the looks of it. One would never recognize the auditorium and upper floor girls cloak-room. The girls who have this cloak-room can hardly wait till it is ready.

GOINGS — COMINGS — DOINGS

Grimsby Beach

MISS MAY CRITTENDEN,
Resident Staff Correspondent.
Telephone Your News Items To Her.

Miss Helen McCoy from Dundas is visiting at the home of Mr. and Mrs. A. L. Greenwood, Central Ave.

The committee under the co-sponsorship of Mrs. J. Hogan and Mrs. M. Nelson served delicious refreshments.

The many friends of Mrs. Harley Hildreth will be sorry to hear that she is ill at her home in Stony Creek. We all wish her a speedy recovery.

Mr. and Mrs. Frank Dorash and Isabelle from Carrington Beach, arrived the week to take up residence with Mrs. Dorash's parents, Mr. and Mrs. E. Bramham.

The regular monthly meeting of the Grimsby Park Parents' and Teachers' Association was held at the school on Friday afternoon last. Mrs. M. R. Nelson, president, presided over the business meeting, with an average number of ladies present. Tea was served at the close of the meeting by Mrs. J. Ellis and Mrs. I. Murdoch.

Friends of Mrs. Robert Cole will be pleased to hear that she is coming along nicely after her recent operation and is expected home from the hospital this week.

The 1st Grimsby Beach Girl Guide Company had a skating arpy at the Park School rink on Tuesday afternoon, Jan. 19th. About twenty-two Guides enjoyed an hour's skating after which Mrs. H. Gillespie, Mrs. R. Young and Mrs. I. Brand served lunch. Connie Burke, on behalf of the Guides gave the ladies a hearty vote of thanks.

The Grimsby Park Home and School Club held their 1st Card Party of the New Year on Friday evening at the Park School. Due to other activities and the cold weather there were only eight tables in play but it present an enjoyable evening. The prize winners for Bridge were 1st, Mr. Russell Young and consolation, Mr. Gordon Cole. Bridge winners 1st, Mrs. H. Robinson and consolation, Mrs. Douglas Uddell.

Rebekah Lodge

On Monday evening, Jan. 19th, a joint meeting was held by Alexina Rebekah Lodge No. 267, and Oak Leaf Rebekah Lodge No. 329, Beamsville, in Masonic Hall, Grimsby, to entertain the vice-president of the Rebekah Assembly of Ontario, Sister Aetna Bumstead, of Meaford.

Opening ceremonies were conducted by Alexina Lodge with M.G. Sister Mabel Warner, closing exercises by Oak Leaf Lodge officers, with Sister Aetna LePage officiating.

Sister Bumstead gave a very inspiring address, asking each member and officer to co-operate with her Noble Grand and live up to the principles of the Order. Each and every one of us can be of service to those who are needing our help and we have numerous opportunities to practice our ritualistic work. At this time there is an earnest appeal to raise funds to further the work in the C. P. & T. Campaign being sponsored by the Odd-fellows and Rebekahs of this Jurisdiction to assist victims of these three dread diseases—cancer, polio and tuberculosis.

Sister Mildred McLean, D.D.P., of Dundas, also spoke, extending an invitation to all present to the Wilby Birthday Party to be held in the Rainbow Room, Royal Connaught, Hamilton on March 1st.

Gifts were presented to Sister Bumstead by each Lodge, and a social half-hour was enjoyed. A delightful lunch was served by the refreshment committee of Oak Leaf Lodge.

COOK SPOILS DINNER FIREMEN GET A RUN

The Fire Department answered a false alarm call to the home of Lloyd Haynes, Oak street, Sunday afternoon. The alarm was put in by a neighbour.

It seems that Lloyd had undertaken to cook th dinner. It got pretty hot in the kitchen, so he opened the door to cool off. The steam from the cooking cured out, looking very much like smoke. The neighbours and Fire Department and half of Grimsby were at the scene when Lloyd Haynes appeared, looking very neat with an apron on, and explained that it was only steam.

ing a wheelbarrow upside down. "That's no way to push that thing," said the visitor. "You've got it upside down." "Oh, yeah?" retorted the inmate. "When I used to push it the other way, somebody put bricks in it."

LADIES' AUXILIARY FOR THE BOY SCOUTS

In order to fill a long felt need in the administration and training in the Scout movement it is hoped to form a Scout Mothers' Auxiliary among the parents of the Cubs and Scouts in the Grimsby Boy Scout Group.

The majority of groups have a similar club or auxiliary to assist the scout leaders in their work and it has been found that the help of "Scout Mothers" has increased the efficiency of the Pack or Troop very considerably by maintaining attendance, improving the scout appearance and raising the standard of scout tests. All "Scout Mothers" that is mothers or guardians of scouts or ex-scouts are asked to attend the meeting at the High School on Monday, January 26th at 8 p.m. There is no obligation but the general idea will be fully explained.

Trinity W.A.

(Crowded Out Last Week)

On Thursday last in Trinity Hall the Women's Association of Trinity Church held its first meeting of the new year with Mrs. William McNeven presiding.

All officers were re-elected by acclamation, and are as follows: President, Mrs. Wm. McNeven; first vice-pres., Mrs. Harold Metcalfe; secretary, Mrs. O. M. Pettit; treasurer, Mrs. E. L. Stonehouse. Committees appointed were: Floral, Mrs. James Fisher, convener; Mrs. James Theal and Mrs. T. L. Dymond; kitchen, Mrs. Harold Pickett, convener; Mrs. J. Raymond; manse, convener, Mrs. T. L. Dymond; sewing convener, Mrs. E. Wilkins; piano, Mrs. John Miller; press, Mrs. J. C. Daceo. Plans were made for the congregational supper preceding the annual church meeting on January 28th. Many "thank-you" letters were read from those receiving plants at

Christmas. It was decided to have the Penny Contest again this year, with the same leaders—Mrs. Harold Pickett and Mrs. J. J. Graham in charge of the teams. Mrs. T. L. Dymond gave a very satisfactory report on the sale of cook-books. Tea and a social half-hour followed the business discussions.

On Tuesday, January 6th, last year's losing Penny Team, under Mrs. C. H. Pickett, entertained Mrs. Graham's winners at a supper in Trinity Hall, with about fifty in attendance. After the supper, progressive crokinole was played, the winner being Mrs. Harold Metcalfe. Other contest winners were Mrs. Nelson Martin and Mrs. Wilson Ransom.

SPORTOLOGY

(By Bowes Livingston, Sportologist)

STRICTLY FOR DIGEST—Gordie Oakes, and a couple of boys who answer to the name of Murphy and Dickenson are doing a big heap. Other familiar names include a big defenseman called Stott, a share in keeping the Caledonia Intermediate B entry at the top of the kid named Latimer and another boy whose father's name is Sutton. Stott and Latimer are with the Miltonquists, while Sutton is with Oakville. All these boys were with the Peach Kings either last year or when practice started this past December—Red Mason has signed a Peach King card.

CLEAN THIS SITUATION UP—When will certain local officials who attempt to do a good job of reversing Fruit Belt Hockey forget their position and put certain players in their proper and only place. Namely outside the arena. There is no reason in the world why a referee, particularly a sportsman and a more sinister like Father B. A. O'Donnell, should be subjected to the abuse and profanity that is dished out by such types as Jim Henderson who plays with the Winona outfit. Enough is enough, and unless Henderson calms down and plays the game, we can see no logical reason why he should be kept on the Winona team or any other team to it hockey, basketball or football. The sporting world has no place for this type.

A GOOD SPORTSMAN PASSES—It was with sudden shockings that the people of this district and particularly the people who love sporting activities learned on Friday morning last that Walter J. West, the jovial, rotund barber had passed away during the early morning hour. Walt West, or as he is loved to address himself, "West, The Barber," was well known throughout the whole Niagara Peninsula as a lover of the hunting gun and of the hunting dog. Some of the best hounds and Beagles that ever covered a track in Ontario were trained by him. He was a follower of hockey and baseball, but his great love lay with the harness racing and trap-shooting. He could talk sulky racing all day because he studied them and knew their trainers and drivers. At trap-shooting he was very adept and was the moving spirit behind the present successful Grimsby Gun Club. Citizenship in general and sportsman in particular can ill afford to lose a man like Walt West, but when the Good Lord decrees there is nothing that you or I can do.

CAN KINGS TAKE MANOS—The Peaches are up against a top team this Friday night, when the Niagara Falls Mangs will be here in town for their second appearance of the season. The two met in December in an exhibition tilt, and ended in a six all tie. Just how much the Kings have improved and ditto to the Mangs is something that only time will tell.

The Mangs are a Class B Senior team, and have a powerhouse on the defense, so what effect this rearguard will have on the featherweights of the Peach Kings should produce plenty of action.

We were talking to one of the Crowland players who isn't exactly a midget, and he stated in no uncertain terms just what a tough rugged defense the Mangs sported, and he should know—his arm will be out of the sling in another week.

The group is nearing completion and the crowds at the arena continue to swell with each game, so it is expected that this Friday night will see attendance records a la 1948 smashed.

The Kings are heading the league without one loss in six starts, and will fight for every point, because when the group play-offs get underway, the team with the most points get the breaks with regard to home games.

THE ARMCHAIR CLUB—COL. GOSWORTHY, official time-keeper of the PEACH KINGS, and one of the most ardent hockey fans, who really knows his hockey, tells this column that in all his year in hockey, even including the habitant country of Quebec, he never hit a colder rink than the Thorold Ice Box. The said Colonel claims that he froze to death three times during the Kots-Kings game and had it not been for his experience with the army in Eskimo-land he would have certainly died. Operator 10 inform me that G.A. POP McVICAR loves the gas stove in the Thorold Arena. Also that MICK McCREGOR was taking off his number 14 between periods to warm his shins. Must be a nice place. One satisfaction the Kings will not have to go back again this winter. I was very pleased to sit nibbling on a sandwich in the Fruit Belt restaurant one day last week to have a stranger slide up to me and tell me what he thought of certain boys on the PEACH KING'S team, that his son had played with when they were juveniles. I am not going to tell you his name at the present moment, but he certainly has a lot of respect, not only as hockey players, but as men in private life, of the "GAMCOCK," "YOUNG PUD" and "HANDSOME". It is certainly nice to hear that stuff after a long span of years. PEACH KINGS training never did any boy any harm. KENK RATS around the GRIMSBY ARENA, never learned any harm. To his credit OLD TOM WARNER has done more good for the kids of this town than any other individual or organization has ever done. And I do not need a million dollars worth of evidence to prove that. If any King's player wore as many clothes going on the ice, as GROUP CAPTAIN DOWIE, their president, wears going into the ARENA, to see them play they wouldn't be able to wade. These kids in the Lions Midget league are certainly producing some tight hockey. Last Saturday morning there were three shutout games and one tie game. The tadpole go all out for 30 minutes and there is never a dull moment. That next KINGS-PORT DALHOUSIE game should pull a near capacity crowd. These two teams are highly evenly matched.

LIMEY, THE JUICER QUOTHS—we never can tell in this bowling game who is going to break out in a big way. Last week in the PEACH QUEEN'S league the little gal that set the alley ablaze was JEAN McCREGOR trundling for the ADMIRAL DEWEY team blew the first frame of her second game and then went on to post up a 234 score. Here is another remarkable thing about this league. She only had a score of 84 in her first game, then rolled 34 and came back in the third game with 229 for a 647 triple. Nicework. Must have learned her bowling from DAN CROWN. JOHN HALE team apparently have a right smart bowler in a little lass named MOTT. She rolled 275-230-144 for a 639 triple. Our LITTLE MARY NORTON is again showing signs of life. She had a 636 triple last week. It is just surprising how many games well over 50 that the QUEENS are setting up. Trouble is they only do it in about one game out of the three and their other two games are away own.

FRUIT BELT LEAGUE

A sizeable crowd gathered in the chill of the local igloo on Monday night as the Fruit Belters heated away at each other, and although there were some moments when hockey was the order of the day, there was a lot of time wasted on rough stuff, with plenty of minor skirmishes.

The opener saw Beamsville wade through the Winona entry, as the men of Reid and Shepherd picked up seven goals, while Winona came through with three in the later stages of the game. The game was featured by several outbursts, as tempers flared. Worst offender was Jim Henderson, who could be a smart hockey player if he would use his head for other purposes than to ram the goal posts in emotional fashion. We hear that this same Henderson has been made Captain. If this is true, then Winona might as well find up right now.

Charlie, Gidden, Moore, Tatar, McKeown, Millett, and McManis scored for Beamsville, Henderson and Whitfield for Winona.

The middle clinic was so pitiful that we did not bother to cover it. Stoney Creek whammed in six goals against the Stirling Bimbrock outfit, and the Crushers should have made a damn against the Bums of Bimbrock.

The nightcap saw the Grimsby team as coached by Lip Hillier, take a four to three decision over the Fulton entry. This was probably the best game of the night as far as hockey is concerned, and the locals showed a fair amount of ability, as they backed a not too strong netminder. Deserving scores twice for the locals, a did Stirling, while Precher, Merri, and Comfort tallied for Fulton.

Rev. E. A. O'Donnell and Duffy Duffield were the officials.

Need for strict observance of breaks in class routine in school is the subject of a pronouncement from the Department of National Health and Welfare, Ottawa. The health officers point out that recesses should be observed carefully. Class rooms should be given a chance to air, and both teacher and pupil given the benefit of a short spell of freedom from instruction and study.

THIRTY MIDGETS WIN OVER MERRITTON

Thirty Midgets, entered in the Niagara District Midget Series of the O.M.H.A., walked off with their first win in two starts shutting out the Merrittton A.A. entry down in the paper town.

Jointly sponsored by the 30 Community Club and the Beamsville Lions, the Midgets are showing up pretty well against more experienced competition, and will have to go this Saturday when they meet the St. Catharines team at the Grimsby arena at eleven o'clock. Monsberger, Selby, Foguschar and Weiss notched the four counters while Freddy Shorthouse played well in the nets, and deserved his shutout.

The well, and well-poised, person has all emotions under control, is calm and not easily disturbed. So, says the Department of National Health and Welfare, chronic nervousness and irritability is a sure sign of poor health, and the person who persistently "flies off the handle" should see the family doctor. While admitting that everyone has "off-days," the health authorities declare that no one should be grouchy all the time.

KINGS TAKE FALLS KENTS; FRIGID GAME AT THOROLD

The Peach Kings showed victory over the bushwhacking Niagara Falls Kents in the Thorold Arena Wednesday night, did little else than to beat just a trifle the wound that was opened by the Crawford Blues the previous night. Playing with a slightly revamped line-up the locals took to the natural ice at 8.30 before some fifty to seventy-five fans, rain in three goals in fourteen minutes fell back and let the Kents score a couple of easy goals before the period ended.

The temperature in the rink was down around the zero mark, and the only note was the stomping of feet by the small crowd, that by the middle of the middle frame was

With no time clock in existence, and with the boys not working to signal the end of the period, this agent along with a chorus of other browned off characters yelled like all get up at the Vines Upper, to inform him that play was over, and everybody rushed to the dressing room where strangely enough the temperature stood around the hundred degree point.

The Kings came out for the second period, and played the best hockey of the night, as they mopped four goals past the busy Mantis in the Kents nets. Play roughened considerably, but the Kings held a big margin in both departments.

In the final frame, the crowd had dwindled to a select few. We grabbed a cup of java before the period opened, and by the time we arrived at the stable which they call a press box, the icicles dripped in long lengths from the cup. The Kents backed a couple of goals past MacMillan, while Mank Miller guffed a shot from the blue line that looped over the heads of a mass of players and ended up in the trine.

The final score was eight to four for the Kings, who lost little time in packing their gear and heading it for St. Catharines, where the temperature was still frigid, but the conversation over a sandwich was hot. Main topic of conversation being the game against Port Dalhousie, and there appeared to be a definite sign of team spirit, something which means a lack of a lot in winning any game.

With Warner out of action with a bad knee, McVicar brought Davidson in for the game, Craig was also in action. McFarlane was the only casualty, the little winger suffered an ankle injury in the third period.

The scoring went this way — McFarlane picked up two goals. Blanchard a single (his first of the year) Duffield picked up three assists, which put him in a tie for top place with Johnny Hale. Buckley scored one, and assisted on another. Hale picked up two while Davidson and Miller each scored singles. Craig drew two assists, and Reid an assist on Miller's goal.

Vince Upper did the ref's chores

MIDGETS PRODUCE A FLOCK OF SHUTOUTS

Shutouts were the order of the day in the Lions Midget League on Saturday morning, three of the four games produced shutouts. Cleveland blanked Buffalo in a close checking game, with John Mitchell's goal sufficient for the Cleveland victory. Nomy Moore got the hat trick, and Terry Verner's single, gave St. Louis a four to nothing win over Syracuse in the second tilt in the minor series.

Detroit continued to sweep the league in the Major series, as they rang up a four to nothing win over the hapless Canadians. The score was not a true picture of the game, as Canadians fought hard, but just could not score on the Detroit team. Jim Melles with two, along with singles by Thompson and Kelterborn were snipers for the winners.

Boston and the Maple Leafs, tied for second place, battled to a four all tie. The Leafs had a goal margin right up to the end, when Boston's Broedel notched the goal that left the game in a stalemate. Collier, Kryskowski, Juras and Glenville each scored for the Leafs, while Pete Wade and Les Walters were Boston snipers.

Schedule for Saturday, Jan. 24:
8.30—Buffalo vs. Syracuse.
9.05—St. Louis vs. Cleveland.
9.40—Detroit vs. Maple Leafs.
10.15—Boston vs. Canadians.

YOU CAN FIX THAT
COUGH AND COLD
SO QUICKLY, EASILY

Sanguen

This formula of a family physician quickly relieves even the most stubborn cough or cold, bronchitis and hoarseness. Sanguen goes to work at the first opportunity . . . pleasant to taste and will not upset the stomach . . . children like it. Try a bottle (5 cc. 39¢) from your druggist now. Ask for "San-Guen".

Entertainers really had to entertain in the old days. They didn't permit the audience to participate in the show.

FREE

Get Your Copy of the **NEW FARM ACCOUNT BOOK** at Your Local Post Office

You'll like this NEW Farm Account Book. It's so simple and direct. You don't have to be a bookkeeper to use it. A few minutes each week are enough to set down your farm transactions—the money you receive or the money you spend. At the end of the year, it will give you a clear picture of how you made or lost money.

Saves Money for You

Answer questions you want to know about Income Tax, too. Everyone with a taxable income must file an Income Tax Return on or before the 15th day of April in each year, showing his annual income for the preceding year. The Farm Account Book enables you to take advantage of all the deductions and exemptions. Provides a record from which you can average your income over a three-year period. If you are liable to taxation under the Income Tax Act and have a year of loss, you will be

able to charge the loss against the profits of the previous year or the next three years as shown by the records you keep in your Farm Account Book. You won't need to pay an expert to prepare your Income Tax Return if you have this book. Each account is numbered to correspond with the items on the Income Tax Return. You will also find the Account Book useful in keeping your records, even though you are not liable under the Income Tax Act.

Get Your Free Book Now

Don't delay. Your local Post Office has an Account Book for you. Get it now. It's important that you have it to start the new year. Get the benefit of all allowances that the law permits. Profit from the knowledge gained from keeping proper records. It's free—and you will find it most useful. Call at your Post Office at the first opportunity for your Account Book.

EVENTS and TOPICS of the WEEK in TABLOID

Lesny Ross coming to the Village Inn on Friday and Saturday, February 6th and 7th.

Dr. Harold D. Latham of Beamsville has been appointed a Coroner for Lincoln County, succeeding the late Dr. C. W. Elmore.

A large number of growers and shippers attended the convention of The Ontario Fruit and Vegetable Growers Association in Toronto this week.

Harvey Gorland representative for A. E. LePage Realtor, has sold the residence and building lots of Dr. James Mather, 123 Main West to Mr. Charles Tausky of Grimsby.

Hugh M. Nelson, a former Grimsby boy, for many years on the staff of The Canadian Bank of Commerce, has been transferred from the Dundas branch to the St. Thomas branch.

Mavis Chrysler 14, who ran away from her home in Beamsville last Thursday was found Friday night on a downtown Toronto street with four cents in her purse. She told police she made her way to Toronto by hitchhiking on Transport trucks.

The provincial police quarters in the County Building St. Catharines, are undergoing a paint job which will brighten them up for the year. The maintenance staff are busy plastering a few cracks in the walls and the new paint job will be completed early next week. Fluorescent lights were installed some time ago and when the present clean up is completed the offices will present a smart appearance.

Obituary

MRS. W. C. DAWE

A lifelong resident of Saltfleet Township in the person of Mrs. Minnie Elizabeth Dawe passed to her reward on Saturday afternoon after an illness of brief duration.

Her passing opens a gap in the Fifty District that will not soon close, especially in the various organizations in which the deceased has always been so active. The late Elizabeth Dawe was a member of the Fifty Church, and in all the organizations of this parish she gave her best at all times. She was also a member of the Woman's Institute and the Empire Loyalists. The meal with which she performed her share of the work in these organizations has always been a source of amusement to her many friends and fellow workers.

Left to mourn her passing, be-
cause, are two sons, Howard of
Windsor, and Fred of Hamilton.
A brother, Elmer O. Smith of
Windsor, also survives.
Funeral services were conducted
from her late home on Tuesday
afternoon, and the sincere
words of Rev. G. E. Morrow, pas-
tor of the Fifty Church who con-
ducted the service, both at the
home and at the flower-bedecked
grave, were indeed a tribute to a
fine lady who had served her fam-
ily and the Church and her district so
nobly.

Casket bearers were: Roy Leg-
gat, Hamilton, John Ridge, John
VanDuser, George Lewis, How-
ard Bernard and Wesley Brand
all residents of the district who
assisted with the final rites at
the family plot in the Fifty Ceme-
tery.

I.O.D.E.

LENA DAVIS CHAPTER

A special business meeting of
the Lena Davis Chapter I.O.D.E.
was held in the Kitchenette on
Wednesday afternoon January
14th, with the Regent, Mrs. C. C.
Ramage, presiding.

Encouraging reports on the
success of last month's activities
were heard, and the sum of \$250.-
00 voted for the Second War
Memorial Fund. This completes
the objective as set by the Chap-
ter for \$800.00 for this worthy
cause.

Of particular interest to I.O.
D.E. members were the pictures
exhibited by Mrs. Wm. Wasley of
Vineland, showing Mrs. Ryland
New, I. O. D. E. National Presi-
dent, along with the mayor, Chief
Constable and others at the open-
ing of the I.O.D.E. Bulk Food
Parcels at the distributing ware-
house for the borough of South-
gate, near London. The Mayor
shown in his official dress, is a
family relative of Mrs. Wasley.
The group of persons there was
representative of such groups all
over Great Britain, who are re-
ceiving parcels. Persons over
sixty-five, living singly or in
pairs, invalids, the very poor
whose means cannot possibly
meet the current prices; Old folks
and Young folks Homes and the
like. All these receive the parcels
of food which do so much to sug-

Boy Scouts

We are glad that some of our tenderfoot scouts are now taking second class scout tests.

Arthur Henley, Harold Luey, David Alton, Sidney Henley were successful with their test on the compass.

Scout Roy Sawchuk was installed as a tenderfoot scout. We wish him luck.

The troop now has a membership of two leaders and forty-two scouts which makes a nice group of cheery fellows and there is always room for more.

We all hope that the "Scout Mothers" will be at the meeting next Monday at the High School, 8 p.m.

Troop Orders
Next meeting, Monday, January 26th at 7 p.m. High School.
Duty patrol: Seal Patrol.

EXTRA! EXTRA!

As we go to press we have received information that Julia Price and her gang for whom we advertised last week are about to be apprehended. Full particulars will be given in next week's edition. Watch for it!

TEEN TOWNERS CLUB

Suzette's Studio Teen Towners are planning a dance for Saturday night, January 24th, at Masons Hall.

Everyone is to wear a plaid shirt and slacks.

This party is open for the Teen Towners themselves and for their parents. There will be square dances, Paul Jones and modern. A floor show will be held, with prizes. Cakes and cookies will be served.

BAPTIST CHURCH

On Wednesday evening, January 28th the Grimsby Baptist Church will hold its annual congregational supper and business meeting commencing with supper in the School Hall at 6.30 o'clock.

Immediately after the supper reports will be presented of the work done by the various organizations of the church along spiritual, educational and financial lines. The minister, Rev. G. A. McLean, will also present his report of the work of the past year and suggest plans and activities for the coming year. Every member of the church and congregation is cordially invited and urged to be present.

WOLF CUB PACK

While Mowgli attended to the bones, the Huns instructed their groups in Signaling.

The Grey Six were presented with the Competition flag. The Pack was divided into three groups for Bean-bag bowling under Akela. Rak-sha and Mowgli. Akela's team were able to overcome the other two quite easily.

Sixers were given a short period to arrange their staves for a knotting race. They had to make sure that each member knew the sheet head. In the Elephant catching game that was played by moonlight the Brown six were victorious.

The Grey and Brown six were tied in the competition. Next week's special inspection is on the neckerchief, cleanliness, neat folding and correct position to be judged.

After a sing song around the camp fire, Akela finished the story of Tootal of the Elephants.

All Cub Mothers are urged to attend the meeting at the High School at 8 p.m. on January 29th, at which time a Scout Mothers' Auxiliary will be formed.

BAPTIST Y.P.U.

The Young People's Society of the Baptist Church are planning an unusually fine and interesting meeting for Monday evening next January 26th.

The guest speaker will be Miss Chandler of Grimsby's teaching staff and her address will be a description of her recent trip through the Rockies. She is bringing with her a number of interesting souvenirs.

The whole meeting will be built around the matter of the highlands both geographically and spiritually and the hymns sang and the scripture lessons will all tie in with the general idea of the Eternal Hills.

Joyce Byford, the president, will conduct the meeting and Audrey Green will read the scripture lesson.

All young people of the church and congregation and all others interested are invited to attend this very interesting meeting.

LEGION JOTTINGS

TONIGHT will be a big night with West Lincoln Branch, 127, Canadian Legion. It is a joint installation of officers' night and the ceremonies will be held in the Community hall, Beamsville.

Zone Commander Percy Haine will be present as well as invited members from Windsor and Smithville Legions.

The new executive officers for 1943 that will be installed are: President, G. R. Chetwynd; 1st vice-president, C. A. Mason; 2nd vice-president, Andy Stevenson; Secretary, Walter Green; Recording Secretary, C. R. Gregory; Treasurer, office to be filled; Sgt.-at-Arms, R. C. Wallers; Deputy-Sgt.-at-Arms, P. T. Mason.

Care for the transportation of Grimsby members, who require transportation, will leave the Legion hall at 7.30 p.m.
Dress—Suits and decorations.

Bigger Profits from PEACHES WITH VIGORO

Many peach growers have found that Vigoro Commercial Grower boosts their profits. That's because it helps them grow peaches with better colour, appearance, flavour and shipping qualities. Also, it increases total yield per tree and results in a better percentage of top-grade fruit.

Use Vigoro Commercial Grower this year on your peaches, and get bigger profits.
